- protecting children from maltreatment;
- preventing impairment of children's mental and physical health or development;

- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
 - taking action to enable all children to have the best outcomes.
- 1.2 'Child Protection' is the intervention that occurs when children have been significantly harmed or are at risk of significant harm.
- 1.3 'Child' refers to everyone under the age of 18.

- 1.6 Within this policy, we use the term 'victim', although it is recognised that not everyone considers themselves to be a victim or would want to be described in this way. We also recognise the importance of not using the terminology of 'perpetrator' in relation to children in cases where the behaviour can be harmful to both parties. The appropriate use of terminology will be determined on a case-by-case basis.

3.5 Multi-Agency Working

3.5.1 The school is committed to multi-agency working and operates under Working Together to Safeguard Children (December 2023) and local safeguarding arrangements.

3.5.2 The school will work with Children's Services, the police, health services, local Early Help practitioners and other relevant agencies to promote the welfare of children and protect them from harm.

3.5.3 We work closely with our local Family Hub to ensure children receive appropriate, co-ordinated Early Help assessments (see Section 10.1)

3.5.4 The Coventry Safeguarding Children Partnership (CSCP) have designated that schools and colleges are a named 'relevant agency'. As such, the school is under a statutory duty to co-operate with published CSCP arrangements.

4 Types of abuse, Neglect and Exploitation

4.1 As outlined above, all staff will be trained in indicators of abuse, exploitation and neglect and should be able to recognise signs of these. We recognise that abuse, exploitation and neglect along with other safeguarding issues are complex and often multidimensional and therefore don't fall solely under one category. Types of abuse or harm can take many forms including directly inflicting harm on a child or failing to protect a child from harm online as well as face to face both inside and outside of the school/college as well as online, including the multi-faceted occurrence of factors causing emotional harm. In many cases abuse and other cases will take place concurrently both online and offline. The four main types of abuse that staff are trained to recognise are:

- Physical abuse;
- Sexual abuse; □ Emotional abuse; □ Neglect.

4.2 Types of abuse (Taken from Keeping Children Safe in Education, 2024)

Type of abuse	Information
Abuse	A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults, or another child or children.
Physical abuse	A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
Emotional abuse	The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to

Type of abuse	Information
---------------	-------------

Neglect	The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.
---------	---

4.3 Indicators of abuse can be found in Appendix B.

4.4 If a child is in immediate danger or at risk of harm, a referral will be made to Children's Services (through the MASH) and any member of staff can make this referral. A Designated or Deputy Designated Safeguarding Lead should be available at all times, but in exceptional circumstances the member of staff should speak to a member of the Senior Leadership Team or seek advice directly from Children's Services and then take appropriate action. The Designated Safeguarding Lead should be made aware as soon as possible.

4.5 Staff, parents and the wider community should report any concerns that they have about the welfare of children, however minor or seemingly insignificant. Staff should not assume that someone else will report concerns.

4.6 Stoke Park School recognises that any child can be the victim of abuse and may benefit from early help. However, the school will be particularly vigilant to potential need for early help if a child:

- Is disabled or has certain health conditions and has specific additional needs;
- has special educational needs (whether or not they have a statutory education, health and care plan);
- has a mental health need;
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines;
- is frequently missing/goes missing from education, care or home;
- Has experienced multiple suspensions and is at risk of, or has been permanently excluded from schools
- is at risk of modern slavery, trafficking, sexual and/or criminal exploitation;
- is at risk of being radicalised or exploited;
- has a parent or carer in custody, or is affected by parental offending;
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health issues or domestic abuse;
- is misusing drugs or alcohol themselves;
- is at risk of so called 'honour-based' abuse such as Female Genital Mutilation or Forced Marriage;

- is a privately fostered child.¹

4.7 Stoke Park School recognises that abuse can take many different forms. Staff will also receive training on the following issues and action will be taken if the school believes that a child is at risk of or is the victim of:

- physical abuse;
- sexual abuse;
- emotional abuse;
- neglect;
- bullying, including cyberbullying, prejudice based and discriminatory;
- child criminal exploitation and sexual exploitation (including involvement in county lines);
- domestic abuse (including where they see, hear or experience it's effects);
- fabricated or induced illness;
- faith-based abuse;
- serious violence and harassment, including gangs or youth violence;
- gender-based violence;
- hate;
- mental health;
- child on child abuse;
- So called honour-based violence (including female genital mutilation and forced marriage);
- radicalisation;
- relationship abuse;
- sexual violence or sexual harassment (including child on child abuse);
- sharing of consensual or non-consensual nude and semi-nude images/videos (including computer or AI generated "pseudo-images");
- trafficking and modern slavery.

4.8 There are other familial issues that can have a detrimental impact on children. We work with other agencies in line with Keeping Children Safe in Education (2025) to support children and families in the following circumstances:

- Children facing the court procedures and/or children in the court system
- Children with family members in prison
- Children who are homeless
- Children who need a social worker

4.9 Children potentially at greater risk of harm

4.9.1 The school recognises that some children need a social worker due to abuse, neglect or complex family circumstances and that abuse and trauma can leave children vulnerable to further harm, as well as educational disadvantage.

4.9.2 The Designated Safeguarding Lead will hold information relating to social workers working with children in the school.

¹ Taken from paragraph 18, Keeping Children Safe in Education (September 2024)

4.9.3 This information will inform decisions about safeguarding and promoting welfare (including the provision of pastoral and/or academic support).

4.10 Children requiring Mental Health Support

4.10.1 The school recognise that safeguarding and promoting the welfare of children includes preventing the impairment of children's mental health or development.

4.10.2 All staff will be aware that mental health problems may be an indicator that a child is suffering or is at risk of suffering abuse, neglect or exploitation.

4.10.3 Staff will not attempt to make a diagnosis of a mental health problem unless they are appropriately trained.

4.10.4 We recognise that staff are well-placed to observe behaviour that may indicate that a child is experiencing a mental health problem, or is at risk of developing one. There are clear systems and processes in place for identifying possible mental health problems. If staff are concerned that a child is suffering a mental health problem, they should discuss their concern with the relevant pastoral year team and record their concerns on CPOMS, the pastoral year team and safeguarding team will consider the most appropriate support through the Overcoming Barriers to Learning meetings. If the concern involves an urgent mental health crisis then the Designated Safeguarding Lead should be informed without delay. See Appendix A for links to DFE guidance "Mental Health and Behaviour in Schools" which states:-

"Negative experiences and distressing life events can affect mental health in a way that can bring about changes in a young person's behaviour or emotional state, displayed in a range of different ways, all of which can be an indication of an underlying problem. This can include:

- Emotional state (fearful, withdrawn, low self-esteem)
- Behaviour (aggressive or oppositional; habitual body rocking)
- Interpersonal behaviours (indiscriminate contact or affection seeking, overfriendliness or excessive clinginess; demonstrating excessively 'good' behaviour to prevent disapproval; failing to seek or accept appropriate comfort or affection from an appropriate person when significantly distressed; coercive controlling behaviour; or lack of ability to understand and recognise emotions)."

4.10.5 If staff are concerned that a child is experiencing a mental health problem that is also a safeguarding concern, they must report this to the Designated Safeguarding Lead (or deputy Designated Safeguarding Lead) immediately.

4.10.6 Further information, guidance and advice regarding mental health can be found on page 46 of Keeping Children Safe in Education 2025.

4.10.7 Stoke Park School has a member of SLT responsible for the whole school approach to Mental Health, which is the DSL Sonya Elliott. The school also has three members of staff trained as a Mental Health First Aiders, which are Jane Deely, the Deputy DSL, Sally Allen Moore, the Head of Schools PA and Lauren Moore the Librarian.

4.11 Stoke Park School has a duty to refer any children who are living in a private fostering arrangement to the local authority (see section 20).

4.12 All schools are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 in the exercise of their functions to have "due regard" to the need to prevent people from becoming involved with or supporting terrorism. See Appendix D for further information on Stoke Park School's Prevent duty.

4.13 If any member of staff is unsure about signs of abuse or neglect, they should speak to the Designated Safeguarding Lead.

4.14 See Appendix A and page 50 of KCSIE (2025) for further information and guidance on the above issues.²

4.15 Children Persistently Absent or Missing from Education

4.15.1 Stoke Park School understands that children that are missing from education or absent for prolonged periods and/or repeat occasions can act as a vital warning sign to a range of

safeguarding issues including neglect, child sexual and criminal exploitation – particularly county lines. It may indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of female genital mutilation, so called ‘honour’-based abuse or risk of forced marriage.

4.15.2 Stoke Park School will report information to the Local Authority when problems are first emerging and always should this result in the removal of a child from roll.

A summary of key actions is below but please refer to the specific policy Children Missing Education or Persistently Absent on the school website and DFE guidance <https://www.gov.uk/government/publications/children-missing-education>

- Daily attendance monitored by pastoral year team team after morning registration
- First Day absence procedures followed for all students, text message, phone call, (see attendance policy and CME flowchart).
- Students who are Looked After, on a Child Protection plan or have other identified vulnerabilities, such as police notifications of Domestic Abuse with current Early Help services involvement, the social worker/key worker will be informed of absence and any concerns, after period 1 register is taken. If there is any doubt as to whether a child may be at risk of harm, the Designated Safeguarding Lead will be consulted.
- After 5 days the Local Authority CME team will be informed if no contact has been made with the family, having followed the normal absence process (text messages, phone calls, home visits).
- After a maximum of 10 days, the Children Missing Education Form will be completed and further advice sought.

After 20 days, the Remove From Roll checklist will be completed and advice will be sought from the CME team. The child can only be deleted from the Schools Admission register, with the signature of the Head Teacher on the completed Remove From Roll checklist.

4.16 Children Absent or Missing from Home or Care

Stoke Park School will also take action when children are reported to the school as absent or missing from home or care. Please refer to the relevant section of the policy Children Missing Education or Persistently Absent on the school website and DFE guidance below <https://www.gov.uk/government/publications/children-who-run-away-or-go-missing-from-home-or-care>

² Please note that definitions of physical, sexual, emotional abuse and neglect are contained in the main body of the policy. Further information about other safeguarding issues and indicators of abuse can be found in Appendix A and B.

4.17 Elective Home Education

4.17.1 Stoke Park School recognises that many home educated children have a positive learning experience and the decision is one with the child's best interests at heart. However elective home education can mean that some children are not in receipt of suitable education and are less visible to the services that are there to keep them safe and supported in line with their needs.

4.17.2 Since 2016, Stoke Park School has a statutory duty to inform the Local Authority of all deletions from roll. When Elective Home Education is the reason for this removal, the Local authority and other key professionals will work alongside Stoke Park School to coordinate a meeting with parents where possible, ideally before a final decision is made.

4.18 Children who are Lesbian, Gay, Bi, Trans or Gender Questioning (LGBTQ+)

The section of KCSIE 2025 on gender questioning children remains subject to the publication of Gender Questioning Guidance which is expected mid 2025, but is as yet unpublished, following the government consultation.

Stoke Park recognizes there are a wide range of views and we remain committed to putting the best interests of the child first, working closely with parents/carers, and taking an approach that prioritizes the safety and welfare of all children, but especially the most vulnerable. The school remains committed to equality for all children regardless of background and following the legal framework for protected characteristics which aims to eliminate all forms of discrimination.

The fact that a child or a young person may be (or may be perceived to be) LGBTQ+ is not in itself an inherent risk factor for harm. However, children who are LGBTQ+ can be targeted by other children. In some cases, a child who is perceived by other children to be LGBTQ+ (whether they are or not) can be just as vulnerable as children who identify as LGBTQ+. (See our Relationships Policy (Including Behaviour & Anti-Bullying)).

We also recognise that LGBTQ+ children are more likely to experience poor mental health. Keeping Children Safe in Education (2025) states

205. However, the Cass review identified that caution is necessary for children questioning their gender as there remain many unknowns about the impact of social transition and children may well have wider vulnerabilities, including having complex mental health and psychosocial needs, and in some cases additional diagnoses of autism and/or attention deficit hyperactivity disorder.

206. It is recommended that when families/carers are making decisions about support for gender questioning children, they should be encouraged to seek clinical help and advice. When parents are supporting pre-pubertal children, clinical services should ensure that they can be seen as early as possible by a clinical professional with relevant experience.

207. As such, when supporting a gender questioning child, schools should take a cautious approach and consider the broad range of their individual needs, in partnership with the child's parents (other than in the exceptionally rare circumstances where involving parents would constitute a significant risk of harm to the child), including any clinical advice that is available and how to address wider vulnerabilities such as the risk of bullying.

208. Risks can be compounded where children who are LGBTQ+ lack a trusted adult with whom they can be open. It is therefore vital that staff endeavour to reduce the additional barriers faced and create a culture where students can speak out or share their concerns with members of staff.

LGBTQ+ inclusion is part of the statutory Relationships Education, Relationship and Sex Education and Health Education curriculum and there is a range of support available to help schools counter homophobic, biphobic and transphobic bullying and abuse

5 Responding to signs of abuse

5.1 If a member of staff, parent or member of the public is concerned about a child's welfare, they should report it to the Designated Safeguarding Lead or their Deputy as soon as possible. On occasions when the designated safeguarding lead is not available, it should be reported to the deputy designated safeguarding lead without delay. Although any member of staff can make a referral to Children's Services, where possible there should be a conversation with the Designated Safeguarding Lead. If anyone other than the Designated Safeguarding Lead makes a referral to Children's Services or to the police, they should inform the Designated Safeguarding Lead as soon as possible.

5.2 All staff will be alert to indicators of abuse and will report any of the following to the Designated Safeguarding Lead, or Deputy Designated Safeguarding Lead in their absence, as soon as possible, (see also section 6 record keeping and using CPOMS for written reports):

- Any concern or suspicion that a child has sustained an injury outside what is reasonably attributable to normal play;
- Any concerning behaviours exhibited by children that may indicate that they have been harmed or are at risk of harm, including unusual changes in mood or behaviour, concerning use of language and/or concerning drawings or stories.
- Any significant changes in attendance or punctuality;
- Any significant changes in a child's presentation;
- Any concerns relating to people who may pose a risk of harm to a child; and/or
- Any disclosures/allegations of abuse that children have shared must be reported immediately in person.

5.3 There will be occasions where a child discloses/alleges abuse directly to a member of staff. If this happens, the member of staff will:

- listen carefully to the child and believe what they are saying;
- not promise confidentiality, and explain information may need to be passed on so the child and family can receive additional support;
- Only ask for clarification if something is unclear and will not ask 'leading' questions;
- Explain what has to be done next and who has to be told;
- Act on concerns immediately if a child is at risk of harm;
- report disclosure to the designated safeguarding lead as soon as possible, certainly before the end of the day;
- Only discuss the issue with colleagues that need to know about it;
- Will write up the disclosure and pass it to the designated safeguarding lead. It is likely they will have had a discussion with the DSL prior to this but delay should be avoided.

5.4 The Designated Safeguarding Lead will make a decision about the action that needs to be taken following a member of staff raising a concern about a child, or following a direct disclosure recording a clear rationale. The Designated Safeguarding Lead may:

- Manage support for the child internally;
- Seek advice from the social worker advice line in the MASH;
- Instigate single agency intervention and work directly with the family to improve the situation;
- Offer an Early Help Assessment to provide multi-agency help to a family;

- In cases where children are deemed to be at significant risk of harm, the DSL will refer cases to the MASH for consideration for statutory intervention. Parental consent will be obtained wherever possible before referring cases to the MASH. However, if Stoke Park School is worried that telling parents will mean the child is at greater risk of harm, we may do this without informing them;
- If parents do not consent to a referral but Stoke Park School believes that a child is at significant risk of harm, a referral will still be made to Children’s Services.

5.5 For further information about the Coventry Safeguarding Children Partnership’s ‘Right Help, Right Time’ guidance, which is used by Stoke Park School to make decisions about protecting children, please visit <http://www.coventry.gov.uk/righthelprighttime>.

5.6 See page 23 for flowchart of actions that will be taken where there are concerns about a child (taken from Keeping Children Safe in Education, 2025).

5.7 In cases where members of staff become aware that Female Genital Mutilation (FGM) has been carried out on a female below the age of 18, they have a mandatory duty to report this to the police without delay and will do so. Staff should refer this to the DSL first, but the legislation requires regulated health and Children’s Services professionals and teachers in England and Wales to make a report to the police where, in the course of their professional duties, they either;

- are informed by a girl under 18 that an act of FGM has been carried out on her; or
- observe physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe that the act was necessary for the girl’s physical or mental health or for purposes connected with labour or birth.³

If you believe a child is at risk of FGM, a referral to the MASH is also required.

5.8 Child on Child Abuse

Stoke Park School understands that both adults and other children can perpetrate abuse, and can happen inside and outside of school, online or face to face. Child on Child abuse is taken very seriously and can include bullying (including cyber-bullying, prejudice-based and discriminatory bullying) abuse in intimate personal relationships between children, physical abuse, sharing of consensual or non-consensual images of videos, causing someone to engage in sexual activity without consent, sexual violence and/or harassment, upskirting, and initiation/hazing ceremonies. Stoke Park School recognise that safeguarding issues can manifest as child on child abuse. Please see the school’s Behaviour Policy (known as the Relationships Policy) for further information. This policy also includes our approach to sexual violence and sexual harassment.

5.8.1 All members of staff will be made aware of the school’s policy and procedures with regards to child-on-child abuse. The school will ensure staff understand what is meant by child-on-child abuse through regular staff training, briefings and updates.

5.8.2 Stoke Park School will work to prevent child on child abuse by

- promoting our school values through “PRIDE”;
- creating a culture of “telling”;
- responding appropriately to all reports of abuse;
- working with specialists such as NSPCC, CRASAC, police as appropriate;

³ *introduced in Section 5B of the FGM Act 2003, as inserted by section 74 of the Serious Crime Act 2015

- teaching students about safeguarding and related topics, so they understand abuse can be perpetrated by children as well as adults, online or in person, by strangers or by someone known to them.

5.8.3 it is recognised that even if there are no reported cases, such abuse may still be taking place. In the event that an allegation of child on child abuse is made, Stoke Park School will investigate this through the relevant pastoral year team and:

- speak to both victim and alleged perpetrator;
- speak to any witnesses or view relevant CCTV;
- record this on CPOMS as a safeguarding matter;
- Issue appropriate sanctions including possible permanent exclusion.

5.8.4 In the event that an allegation of child on child abuse is made, a referral to the MASH will be considered. Victims, alleged perpetrators and any other children affected will be supported by:

- referral to relevant specialists such as counsellors, NSPCC, police, youthworkers;
- referral for internal support as appropriate via relevant pastoral year team;
- recognising both parties may have previously been a victim of abuse;
- working with parents/carers as appropriate;
- carefully considering restorative approaches in light of the nature of the abuse;
- consider arrangements for the appropriate education of both victim and perpetrator, taking into consideration specialist advice where a crime has been committed or is under investigation.

5.8.5 Stoke Park School will not tolerate abuse of any kind, and will always take it seriously.

Staff will never pass off child on child abuse as ‘banter’, ‘part of growing up’, “just having a laugh”, “part of growing up” or “boys being boys”. This can lead to a culture of unacceptable behaviours and an unsafe environment for children.

5.8.6 Stoke Park School recognises the gendered nature of child on child abuse, but that all child on child abuse is unacceptable and will be taken seriously; Stoke Park School recognises for example that it is more likely that girls will be victims and boys perpetrators of some kinds of child on child abuse, however anyone can be the victim of abuse based on their gender, sexuality, disability or other difference and all instances will be treated equally.

5.8.7 Stoke Park School will adhere to guidance set out in Keeping Children Safe in Education (2025), especially part 5, when responding to incidents of child-on-child abuse.

5.8.8 All staff will be made aware that ‘upskirting’ is a criminal offence.

5.9 Sharing of consensual or non-consensual nude and semi-nude images or videos

5.9.1 “Sharing of consensual or non-consensual nude and semi-nude images or videos” in this policy refers to any sharing of youth-produced sexual imagery between children. This also includes pseudo-images that are computer-generated images that otherwise appear to be a photograph or video.

This includes:

- A person under the age of 18 creating and sharing sexual imagery of themselves with a peer under the age of 18;

- A person under the age of 18 sharing sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult;
- A person under the age of 18 being in possession of sexual imagery created by another person under the age of 18.

Inappropriate sexualised language sent as text online has not been included in the UK Council for Child Internet Safety guidance or definition. Stoke Park School will still take this behaviour seriously as a safeguarding matter and respond with support and sanctions as appropriate.

5.9.2 Stoke Park School has a responsibility to educate children in the risks relating to ‘Sharing of consensual or non-consensual nude and semi-nude images or videos’ (includes pseudoimages that are computer or AI generated images that otherwise appear to be a photograph or video) and how to keep themselves safe online. See Appendix A for links to E-Safety Policy and Stoke Park School Relationships, Sex & Health Education policy.

5.9.3 Any incidents or suspected incidents of ‘Sharing of consensual or non-consensual nude and seminude images or videos’ should be reported to the DSL without delay.

5.9.4 Once reported to the DSL, the DSL will decide on the appropriate course of action. This could include:

- Referrals to the MASH in regards to all parties involved (also the police if urgent response required);
- Confiscation of mobile phones in line with guidance ‘Searching, Screening and Confiscation, (January 2018);
- Sanctions in accordance with the Stoke Park Relationships Policy (including Behaviour and AntiBullying);
- Support for young people involved to prevent reoccurrence.

5.9.5 Any incidents of ‘Sharing of consensual or non-consensual nude and semi-nude images or videos’ (includes pseudo-images that are computer or AI generated images that otherwise appear to be a photograph or video) involving the following will result in a MASH and sometimes a Police referral:

- Adult involvement;
- Coercion or blackmail;
- Children under the age of 13; Extreme, or violent content; Immediate risk of harm.

5.9.6 Staff will not view images or videos on pupil devices. Confiscated devices will be stored securely and passed to the relevant agencies.

5.9.7 We will work with parents as necessary if their child is involved in ‘Sharing of consensual or non-consensual nude and semi-nude images or videos’ (includes pseudo- images that are computer or AI generated images that otherwise appear to be a photograph or video).

5.9.8 We operate a culture of safeguarding and young people should feel confident to disclose if they have sent an inappropriate image of themselves. Children will always be supported to retrieve and delete the images.

5.9.9 All adult-involved nude and semi-nude image sharing incidents are child sexual abuse offences and must immediately be referred to the DSL who will inform police/social care. However, as adult-involved incidents can present as child-on-child nude/semi-nude sharing, it may be difficult to initially assess adult involvement. The DSL will use the UK Council of Internet Safety’s [advice for education settings](#) to help determine the correct response.

5.10-Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

5.10.1 Both CSE and CCE are forms of abuse that occur when an individual or group take advantage of an imbalance in power to coerce, control, manipulate or deceive a child into taking part in sexual or criminal activity. It may involve an exchange for something the victim needs or wants, and/or for the financial or other advantage of the perpetrator or facilitator, and/or through violence or the threat of violence. CCE and CSE can affect both males and females and can include children that have been moved for the purpose of exploitation (trafficking).

5.10.2 CCE can include children being forced or manipulated into transporting drugs or money through county lines, working in cannabis factories, shoplifting or pickpocketing, vehicle crime, threatening violence on others or even carrying weapons.

5.10.3 The school is responsible for recognising children involved in CCE are victims of exploitation and should be recognised as such due to the harm they have experienced even if they appear to have consented to the criminal activity.

5.10.4 CSE is a form of child sexual abuse including physical contact and non-contact online activities including the internet or by phone. This can happen over time or as a one off and may happen without the child recognising this as abuse or harmful.

5.10.5 The school recognises that children of the age of 16 and 17 who can legally consent to a sexual relationship may also be the victims of CSE but may not recognise this.

5.11 Serious Violence

5.11.1 The school understands children can be at risk of, or involved in, serious violent crime. This can be associated with an increase in absence from school or college, a change in friendships or relationships with older individuals or groups, a decline in educational attainment, a significant change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs and may be at risk of criminal exploitation.

For further information see p 32 of Annex to Keeping Children Safe in Education (2025)

5.12 Searching, Screening and Confiscation

5.12.1 Where necessary, searching, screening and confiscation will be used to safeguard children in Stoke Park School.

5.12.2 Stoke Park School adheres to 'Searching, Screening and Confiscation: Advice for Schools (January 2018).

5.12.3 Please see Stoke Park School Behaviour Curriculum & Relationship Policy (including Behaviour and Anti-Bullying) for more information on searching, screening and confiscation policy.

5.13 Extra-Familial Harm

5.13.1 Stoke Park School recognises that safeguarding incidents can be associated with factors outside the school and may take place outside of school. We also recognise that safeguarding incidents or behaviours can occur between children outside of school. We will always consider contextual safeguarding factors when responding to safeguarding incidents.

5.13.2 All staff will be made aware that safeguarding incidents and/or behaviours can be associated with factors outside Stoke Park School and/or can occur between children outside these environments.

5.14 Domestic Abuse

5.14.1 Domestic abuse can be a single incident or a pattern of incidents. It can also include psychological, physical, sexual, financial or emotional acts of abuse.

5.14.2 The school recognises that children can be a victim of Domestic Abuse by seeing, hearing or experiencing the effects or suffering domestic abuse in their own personal relationships. These all have a detrimental impact on children's health, well-being, development and ability to learn. See also Operation Encompass Section 20 below.

5.15 Online Safety 5.15.1 The school recognises that in today's world, children need to be safeguarded from potentially harmful and inappropriate online material with many children having unlimited and unrestricted access to the internet via their mobile phone. The breadth of issues can be categorised currently into four areas of risk as taken from Keeping Children Safe In Education 2025:

- Content – being exposed to illegal, inappropriate, or harmful content (pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation, and extremism, misinformation, disinformation (including fake news) and conspiracy theories.)
- Contact – being subject to harmful online interaction with other users (peer to peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit)
- Conduct – online behaviour that increases the likelihood of, or causes, harm (making, sending and receiving explicit images)
- Commerce – risks such as online gambling, inappropriate advertising, phishing and or financial scams

5.15.2 The school understand that the above can take place on a students phone or smart device (including smart watches, smart glasses and airtags) whilst at school/college or elsewhere. The school have responded to this by having a whole school approach to online safety which aims to protect and educate students, parents and staff in their use of technology. Please see the following policies for further information: E-Safety Policy, including Acceptable Use Policy, Stoke Park School Behaviour Curriculum & Relationship Policy (including Behaviour and Anti-Bullying), RSHE policy.

5.15.3 The school has also established mechanisms to identify, intervene in and escalate any concerns highlighted through our filtering and monitoring systems for both staff and students. The effectiveness of this is regularly reviewed by the DSL and network manager, who report to the Head Teacher, Senior Leadership and Governors. Staff are aware of how to escalate concerns, as with all safeguarding concerns, through speaking with the Designated Safeguarding Lead.

5.15.4 Filtering is provided by Smoothwall and prevents access to websites that relate to:-

Abuse, Adult Content (including but not limited to gambling, pornography, violence), Bullying, Criminal Activity, Radicalisation, Substance Abuse and Suicide.

5.15.5 Monitoring is provided by Warwickshire County Councils Digital Safeguarding E-Safety Monitoring service who monitor all school IT systems for any online communications, written text in any applications, whether typed or appearing on screen. This also applies to AI products (see also The Future's Trust Artificial Intelligence Policy). This service includes

- Real-time monitoring by a dedicated team
 - Categorisation of all screen captures or concerns
 - Password protected email to the DSL for non-urgent concerns
 - Additional phone call to the DSL for urgent concerns
- Monitoring includes the following areas

Acronyms and general slang
Drugs and addiction
Mild swear words and profanities
Network security and piracy Pornographic content
Predators and strangers
Prevent
Racism and violence
Sex words and slang
Sexual health and biology
Strong swear words and profanities Suicide
and health

See Appendix A for links to related policies including ICT Acceptable Use Policy and E-Safety Policy.

5.15.4 Remote Education

The school may utilise online learning or remote education, where this will enable learning to continue effectively, in line with our teaching and Learning Policy and E Safety Policy. Where this is the case, information will be clearly communicated with parents about what software systems are being utilised and any additional relevant safeguarding information.

5.15.5 Use of school premises for non-school activities

Safeguarding will be a critical part of any arrangement the School may make should they hire out school facilities/premises to organisations or individuals. The school will seek assurance that the provider has appropriate safeguarding and child protection policies and procedures in place including liaising directly with the school on these matters where appropriate. This applies whether the children in attendance are on the school's roll or not. The governing body/proprietor will ensure safeguarding requirements are included in any transfer of control agreement and that failure to comply with this would result in termination of the agreement. [Keeping children safe in out-of-school settings](#) offers guidance on this. In the event of an incident, the school will follow its own policy including informing the LADO

5.16 Raising Concerns with Social Care

To raise concerns about children, members of staff should contact the Multi-Agency Safeguarding Hub (MASH) by telephone to discuss the referral. They should then complete the online Multi-Agency Referral Form (MARF) and submit this to the MASH (See flowchart below). The school will follow up referrals if we do not receive feedback from Children's Services.

Actions where there are concerns about a child

¹ In cases which also involve a concern or an allegation of abuse against a staff member, see Part four of this guidance.

² Early help means providing support as soon as a problem emerges at any point in a child's life. Where a child would benefit from co-ordinated early help, an early help inter-agency assessment should be arranged. Chapter one of [Working Together to Safeguard Children](#) provides detailed guidance on the early help process.

³ Referrals should follow the process set out in the local threshold document and local protocol for assessment. Chapter one of [Working Together to Safeguard Children](#).

⁴ Under the Children Act 1989, local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989. Under section 47 of the Children Act 1989, where a local authority has reasonable cause to suspect that a child is suffering or likely to suffer significant harm, it has a duty to make enquiries to decide whether to take action to safeguard or promote the child's welfare. Full details are in Chapter one of [Working Together to Safeguard Children](#).

⁵ This could include applying for an Emergency Protection Order (EPO).

5.16.1 If a child's situation does not appear to be improving following a referral, the school may re-refer the child. We will also consider using the [Coventry Safeguarding Children Partnership's Managing Professional Disagreements policy](#) to ensure that our concerns have been addressed and that the situation improves for the child.

6 Record-keeping

6.1 All concerns, discussions and decision made will be recorded in writing and information will be kept confidential and stored securely. Records will be clear, comprehensive, actioned and outcome noted.

6.2 A written record of all safeguarding and/or child protection concerns, discussions and decisions made will be kept in individual children's files. This should include instances where referrals were or were not made to another agency such as local authority children's social care or the Prevent programme, etc. This will be separate from the main school file and will only be accessed by the relevant safeguarding staff.

6.3 Stoke Park School keeps all safeguarding files electronically, using a system called CPOMS (Child Protection Online Monitoring System). Staff can make written records of any safeguarding concerns or disclosures on CPOMS at <https://stokeparksch.cpoms.net>

6.4 Staff will submit all concerns in writing to the DSL at the earliest opportunity. This may be after having a verbal conversation, but conversations will also be followed up in writing using CPOMS. In the event of technological issues or use by a visiting professional the forms in appendix C, can be used.

6.5 Records must be factual, accurate and relevant and avoid subjective judgements. It is not the school's responsibility to 'check out' what any child tells nor should any abuser be questioned.

6.6 In the event that a child moves school, the safeguarding file will be transferred to the new setting securely and separately from the main school file in a timely manner (within 5 days for in-year transfer). Once received by the new school, this school will not retain the information.

6.7 The school will seek to hold at least two emergency contacts for every child.

6.8 All data processed by Stoke Park School is done so in line with the General Data Protection Guidelines and the Data Protection Act (2018) and Information Sharing (2024). DPA and UK GDPR do not prevent the sharing of information for the purposes of keeping children safe and promoting their welfare. Please see the following policies for additional information: "Privacy Notice for Parents and Pupils – How we use your information" available on the school website.

6.9 Further information regarding information sharing and data processing in relation to safeguarding can be found in Part Two of Keeping Children Safe in Education (2025).

7 Confidentiality

7.1 Safeguarding information should be treated as confidential and only shared as part of the agreed school and Coventry Safeguarding Children Partnership protocols.

7.2 All staff/volunteers in school have a responsibility to share relevant information about the protection of children with other professionals.

7.3 Staff / volunteers who receive information about children and their families in the course of their work shall only share that information within appropriate contexts.

8 Communication with parents / Carers

Parents and carers will be made aware of the school policy through published information and in initial meetings with parent and carers of new children. Parents and carers will be informed that in certain circumstances there may be a need to contact other agencies without first notifying them. This decision will be made in partnership between Education Services and Children's Services. It will be made clear that this is a legal obligation and not a personal decision. Consent to share information will be sought unless doing so may place someone at greater risk of harm.

9 Photography and Images

9.1 Consent from parents to photograph or video children at school events for promotional reasons will be sought when the child joins Stoke Park School.

9.2 Parents can withdraw consent at any time and must notify Stoke Park School if they do not wish their child's photographs or video to be used.

9.3 Photographs or video of children used publicly will not be displayed with their name or other identifiable personal information.

9.4 Photographs or video of children will be processed in line with the General Data Protection Regulation.

9.5 Online Learning may include the use of video conference technology and may involve recording of lessons. Where lessons are recorded students will be informed and recordings will be stored according to Data Protection guidelines and our Privacy Notice.

10 Early Help Assessment

10.1 Stoke Park School is committed to supporting families as soon as a possible problem arises. It is more effective to support a family through early help than reacting to a problem later. Everyone who comes into contact with children and their families and carers have a role to play in safeguarding children. Stoke Park School works closely with its neighbouring family hub to work with families in the community to improve outcomes for children.

11.3 The Designated Safeguarding Lead must attend the Coventry Safeguarding Partnership's Designated Safeguarding Lead Refresher Training every two years.

11.4 The DSL will undertake Prevent awareness training and keep knowledge and skills up to date for example, through e-bulletins, meeting other DSLs, attending Coventry DSL briefings or digesting safeguarding developments as required.

11.5 The Deputy Designated Safeguarding Lead must also meet the training requirements in section 11.3.

11.6 Any newly appointed Designated Safeguarding Lead must attend Coventry Safeguarding Partnership's Initial Designated Safeguarding Lead training before taking lead responsibility for safeguarding. The Deputy Designated Safeguarding Lead will take a

leading role on safeguarding for the short time that the Designated Safeguarding Lead is waiting to receive training.

11.7 Up to date records in relation to safeguarding training will be maintained by the school and will be reviewed by the Trust alongside the school's Designated Safeguarding Lead on a termly basis.

11.8 Stoke Park School recognise that children may engage in risky behaviours that may put them at additional risk of danger. These can include drug taking, alcohol abuse, truanting and "Sharing of consensual or non-consensual nude and semi-nude images or videos"(includes pseudo-images that are computer or AI generated images). Staff will be trained in these areas in order to be able to further recognise if a child is at risk of harm.

11.9 All staff are aware that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. For example, children may feel embarrassed, humiliated, or being threatened. This could be due to their vulnerability, disability and/or sexual orientation or language barriers. This should not prevent staff from having a professional curiosity and speaking to the DSL if they have concerns about a child. It is also important that staff determine how best to build trusted relationships with children and young people which facilitate communication.

12 Safer Recruitment

12.1 Stoke Park School is committed to providing children with a safe environment, in which they can learn. We take safer recruitment seriously and all staff are subject to the following checks:

- Identity check;
- DBS clearance;
- Prohibition from teaching checks (where required);
- Barred List check;
- Section 128 checks (as required - leadership and management);
- Reference check (a minimum of two satisfactory references required);
- Professional qualifications check ;
- Right to work in the UK check;
- Further checks for those who have lived outside the UK;
- Disqualification Under the Childcare Act 2006 checks (as required);
- Verification on the candidate's mental and physical fitness may also be sought.

12.2 A record of all checks on members of staff will be recorded on the Single Central Record.

12.3 All new members of staff will be required to obtain DBS clearance. Stoke Park School reserves the right to re-check DBS clearance for any member of staff where information is received that indicates that they may pose a risk to children.

12.4 At least one member of every interview panel will have undergone Safer Recruitment training which will be refreshed every three years.

12.5 We take proportionate decisions on whether to check individuals beyond what is required.

12.6 Any visitor to the school who has not been subject to the necessary checks will be supervised at all times and risk assessed.

12.7 All safer recruitment practices at Stoke Park School comply with Keeping Children Safe in Education (2024). See Part 3 of Keeping Children Safe in Education (2024) for further information and the Stoke Park School Safer Recruitment policy.

- a. The school will adhere to and fully implement the Trust's Safer Recruitment Checklist and the processes that underpin it.
- b. When recruiting volunteers the school will adhere to and fully implement the Trust's Volunteer Policy.
- c. The school's safer recruitment practices will be reviewed by the Trust alongside the school's Designated Safeguarding Lead on a regular basis, and any actions required will be reported to the Head Teacher, Governing Body and Trust.

13 Allegations of abuse against staff

13.1 Stoke Park School takes all safeguarding concerns including low level concerns and/or allegations against staff (including agency, volunteers and contractors) seriously and will manage them in line with this policy, Part Four of Keeping Children Safe in Education (2024) and the CSCP Guidance, 'Allegations against Staff and Volunteers'.

13.2 To reduce the risk of inappropriate or unprofessional behaviour towards children, all staff and volunteers must be aware of safer working practice and must be familiar with the Government document 'Guidance for Safer Working Practice for Adults who work with Children and Young People in Education Settings'. (Safer Recruitment Consortium, Feb 2022).

13.3 A concern, sometimes referred to as an allegation, is any information which indicates that a member of staff/volunteer may have failed to meet the requirements set out in the staff Code of Conduct, or may have:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child;
- behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children; or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children (including behaviour outside of work). This is known as 'Transferable risk'.

Low level concerns are concerns which may not meet the threshold set out above, but may indicate that an adult working in or on behalf of the school may have acted in a way that, is inconsistent with the Code of Conduct, including the requirements of 'Guidance for Safer Working Practice for Adults who work with Children and Young People in Education Settings'. (Safer Recruitment Consortium, Feb 2022). A concern that is considered a 'Low- level' concern does not mean it is not significant. Examples may include:

- Taking photographs of children on their personal mobile phone
- Engaging with a child on a one-to-one basis in a secluded area or behind a closed door. Or;
- Humiliating pupils.

See Staff & Volunteer Code of Conduct on School website.

This applies to any child the member of staff/volunteer has contact with in their personal, professional or community life.

13.4 Any such concerns or allegations must be reported in accordance with the steps below and the School's Statement of Procedures for Dealing with Allegations of Abuse against Teachers, Other Staff and Volunteers, which is made accessible to all staff and volunteers. Failure to report is a potential disciplinary matter. When reporting concerns, you must:-

- Report your concern / the information immediately and without delay ☐ Report the facts.
- Make an accurate written record of the allegations or concerns, what you have witnessed or have been told. Give a copy of the dated and signed record to the person to whom you have reported your concerns. Maintain strict confidentiality.

13.5 If a concern or allegation of abuse arises against the Headteacher, or should there be a conflict of interest to the Headteacher, it must be immediately reported to Tony Fitzpatrick - Chair of Governors without delay.

13.6 If a concern or allegation of abuse arises against any member of staff, supply teacher, volunteer or contractor other than the Headteacher, it must be reported to the Headteacher without delay.

13.7 Concerns or allegations of abuse against staff must be reported to the Headteacher or Chair of Governors as appropriate and not discussed directly with the person involved. In accordance with Keeping Children Safe in Education 2024, the school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

13.8 The Headteacher or Chair of Governors should consider if the concern or allegation meets the harms threshold for Designated Officer intervention, and in doing so will inform and seek advice from the Trust's Operations Director. Schools can seek guidance/advice if unsure by contacting The LADO contact details can be found at the front of this policy.

13.9 Concerns relating to a position of trust issue will be referred to the Local Authority designated officer within 24 hours.

13.10 If a child has suffered or may have suffered abuse or harm, a MASH referral will also be made.

13.11 In the instances where an allegation is dealt with internally, the Local Authority designated officer will provide information and support to Stoke Park School in managing the allegation.

13.12 A referral to the Disclosure and Barring Service will be made if a member of staff is dismissed or removed from their post as a result of safeguarding concerns, or would have been removed if they had not resigned.

13.13 Supply Teachers and all contracted staff

13.13.1 Although the school does not directly employ supply teachers and contractors, the school will ensure that any concerns or allegations are referred to LADO and the relevant agency informed as the employer.

13.13.2 The school will never cease to use a supply teacher for safeguarding reasons without liaising with the Local Authority Designated Officer and reaching a suitable outcome.

13.13.3 Governing bodies/proprietors will liaise with the supply agency to determine whether to suspend or redeploy the supply teacher whilst they carry out their investigation.

13.13.4 The school will inform supply agencies of its process for managing allegations, including inviting the agency's human resource manager (or equivalent) to meetings and regularly updating agencies on relevant school policies. The school will usually take the lead because agencies do not have direct contact with children or staff, so will not be able to gather information.

13.14 Governors

If an allegation or concern is about a Governor, the school/college will follow local procedures.

13.15 Volunteers

Risk assessments and a DBS check will be requested for all volunteers. Under no circumstances will a volunteer prior to satisfactory checks being completed be alone with children unsupervised or allowed to work in regulated activity.

13.16 Whistleblowing

13.16.1 Stoke Park School operates a culture of safeguarding and all staff should report any concerns about poor or unsafe practice, or Stoke Park School's safeguarding processes to the senior leadership team.

13.16.2 The School's Whistleblowing Policy is made accessible to all staff and volunteers and the senior leadership team will take all concerns seriously.

13.16.3 In the event that a member of staff is unable to raise an issue with senior leadership in school, they should refer to Stoke Park School Whistleblowing Policy and Part 1 of Keeping Children Safe in Education for additional guidance on whistleblowing procedures.

13.16.4 Parents, students or other stake holders should not hesitate to raise a concern with the school's safeguarding lead or the Head Teacher should they have concerns about the safeguarding practice or procedures of the school. There is also a complaints procedure available on the school website. Concerns will be taken seriously and appropriate responses made to ensure the highest standards of safeguarding are in place.

14 Promoting safeguarding and welfare in the curriculum

14.1 Stoke Park School recognises the importance of teaching children how to stay safe and look after their mental health and are committed to equipping children with the skills and knowledge to have successful and happy lives.

14.2 Schools and colleges play a crucial role in preventative education. Preventative education is most effective in the context of a whole-school or college approach that prepares pupils and students for life in modern Britain and creates a culture of zero tolerance for sexism, misogyny/misandry, homophobia, biphobic and sexual violence/ harassment. The school/college will have a clear set of values and standards, upheld and demonstrated throughout all aspects of school/college life. These will be underpinned by

33

the school/college's behaviour policy known as the Stoke Park School Relationships Policy (including Behaviour and Anti-Bullying) and pastoral support system, as well as by a planned programme of evidence based RSHE delivered in regularly timetabled sessions and reinforced throughout the whole curriculum (RSHE)

14.3 Children at Stoke Park School will receive the following as part of our promotion of safeguarding across the curriculum:

- Embedded programme of personal development across curriculum and pastoral times.
- Relationships, Sex & Relationships and Health Education (RSHE) in line with statutory guidance for 2025 (fully implemented by Sep 2026), across both pastoral and curriculum time;
- Key modules delivered through tutor time covering Mental & Physical Wellbeing including Drugs & Alcohol, Online Safety & Media, Anti-bullying (including cyber bullying, derogatory and prejudicial language, Sexual Harassment and Sexual Violence), Exploitation (sexual and criminal, gangs & youth violence), Diversity & Equality.
- Online Safety Certificate;
- Special events such as Online Safety Day, National CSE Day, outside speakers and creative arts;
- Curriculum input linking to safeguarding topics such as preventing extremism, healthy relationships, community cohesion, sexual relationships, protective behaviours;
- Targeted interventions supporting individuals or small groups of students around topics such as protective behaviours, mental health, exploitation or online safety.
- Working with parents to provide skills and knowledge around safeguarding topics such as online safety and mental health.

15 Children Looked After (CLA)

15.1 The most common reason for children to be looked-after is because they have experienced abuse and/or neglect. Stoke Park School recognises that children looked after may have additional vulnerabilities. The Designated Lead for Looked-After and Previously Looked-After Children are Mani Samra and Ann-Marie Smith.

15.2 Staff will receive training on how to best safeguard children who are Looked-After and who have been Previously Looked-After.

15.3 Stoke Park School will work with Personal Advisors when children leave care (where applicable).

15.4 Stoke Park School is committed to working with other agencies to ensure the best outcomes for Looked-After and Previously Looked-After children.

16 Children with Special Educational Needs, Disabilities or Physical Health Needs

16.1 Stoke Park School is aware that children with additional needs, disabilities or physical health needs may be more vulnerable to abuse both online and offline and additional barriers may exist when recognising abuse, exploitation and neglect. This could be because:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's condition without further exploration;
- being more prone to peer group isolation or bullying (including prejudice-based bullying) than other children;
- the potential for children with SEN, disabilities, physical health needs or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in managing or reporting these challenges.
- cognitive understanding – being unable to understand the difference between fact and fiction in online content and then repeating the content/behaviours in schools or colleges or the consequences of doing so.⁴

16.2 Any reports of abuse involving children with SEND will therefore require close liaison with the designated safeguarding lead and SENDCO. Staff will be trained in recognising signs of abuse in children with SEN, disabilities, physical health needs or certain medical conditions.

16.3 Staff will take into account the needs of a child when responding to concerns of abuse or when taking a disclosure. We recognise that some children require specialist intervention to communicate and advice from the SENDCO will be sought in these circumstances.

16.4 Safeguarding learning opportunities within the curriculum will be appropriately differentiated to ensure all children can access it.

17 Use of reasonable force

17.1 There may be occasions when staff are required to use reasonable force to safeguard children. Staff will live risk assess the situation, and will not use any more force than is proportionate and necessary.

17.2 In line with our Behaviour Curriculum & Relationship Policy (including Behaviour and AntiBullying), Staff Code of Conduct and How We Choose to Treat Children, our approach to managing behaviour is to build positive relationships, use a clear system of rewards and consequences to promote good behaviour. In circumstances where this is not effective a senior member of staff is available on an on-call basis. A situation that required use of reasonable force to keep someone safe would be recorded as a safeguarding concern, documented on CPOMS, investigated by the Pastoral year team and overseen by a senior member of staff. Any situations would be discussed with the Headteacher to ascertain if changes to policy, practice or training were required to avoid future recurrence.

17.3 When using reasonable force in response to risks presented by incidents involving children with special educational needs or disabilities (SEND), mental health or with medical conditions, Stoke Park School will consider the risks and carefully recognise the additional vulnerability of these groups. Stoke Park School will consider their duties under the Equality Act 2010 in relation to making reasonable adjustments, non-discrimination and their Public Sector Equality Duty.

⁴ Paragraph 202 Keeping Children Safe in Education, September 2025

18 Work Experience & Alternative Provision

18.1 The School will continue to be responsible for the safeguarding of Students placed with an alternative provision provider or work experience and will be satisfied that this provider meets the needs of the pupil. Written confirmation from the provider that appropriate safeguarding checks have been carried out will be sought on individuals working at the establishment, i.e. those checks that the school would otherwise perform in respect of its own staff.

18.2 The DSL will continue to have oversight of all pupils accessing any part of their learning from an alternative provider or delivery online or offsite provided by any organisation or individual not employed by the school. The DSL will ensure that robust arrangements are in place for timely and effective information sharing of safeguarding information between the school and alternative/external providers.

18.3 The DSL will also take responsibility for ensuring that robust procedures are in place to confirm attendance and to enable the swift reporting of non-attendance and children going missing from alternative/ external providers at any time when they should be with that provider.

Please see the school website for more details on work experience, where relevant.

19 Private Fostering

Stoke Park School have a duty to refer any children who are living in a private fostering arrangement to the local authority. Private fostering is when a child under the age of 16 (or under 18 if disabled) is cared for by someone who is not their parent or a close relative. This is a private arrangement made between a parent and a carer, expected to last 28 days or more, or the school are aware the 28 days has been exceeded.

We will do this through a MASH referral. It is important that parents/carers inform us if a child is going to be staying at an alternative address to that of their primary care-givers for more than 14 days, so we can support them as required.

20 Operation Encompass

Coventry schools are part of an initiative set up by the police called Operation Encompass. If any child is witness to a domestic abuse incident then police will inform the Designated Safeguarding Lead at the school which the children attend, the following morning. More information is available on request.

21 Summary

Stoke Park School is committed to safeguarding children and will always make safeguarding decisions that are in the best interests of each child. For further information or if you have any concerns or queries about this policy or any safeguarding related matter, please contact the school.

Types of Abuse

As outlined in paragraph 4.4, the school will take action if we believe a child is at risk of or is suffering from abuse. Abuse is not limited to physical, emotional, sexual abuse and neglect. For further information on the definitions of the types of abuse below, please refer to Keeping Children Safe in Education 2024, Annex A.

See below for further information relating to other key safeguarding issues. All decisions taken in responding to concerns of abuse will be taken in the best interests of the child.

The following issues are all treated seriously and will result in a safeguarding response as appropriate. Staff are trained in the signs and symptoms to look out for and report to the Designated Safeguarding Lead. Students are also taught about how to keep themselves safe,

seek information, advice or guidance on behalf of themselves or any other person they may be concerned about. They are able to do this through confidential advice lines or websites such as ChildLine 0800 1111, School Nurse 07507331949 or NSPCC or by speaking to any staff member they feel comfortable talking to.

More information on each of these safeguarding subjects can also be found on our school website for parents and on sharepoint for staff.

Appendix B - Indicators of abuse or neglect

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse, including where they see, hear or experience its effects. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.

See below for possible indicators of abuse. (Taken from *What to do if you are worried a child is being abused*, 2015)

- Children whose behaviour changes – they may become aggressive, challenging, disruptive, withdrawn or clingy, or they might have difficulty sleeping or start wetting the bed;□
- Children with clothes which are ill-fitting and/or dirty;□
- Children with consistently poor hygiene;□
- Children who make strong efforts to avoid specific family members or friends, without an obvious reason;□
- Children who don't want to change clothes in front of others or participate in physical activities;□
- Children who are having problems at school, for example, a sudden lack of concentration and learning or they appear to be tired and hungry;□
- Children who talk about being left home alone, with inappropriate carers or with strangers;□
- Children who reach developmental milestones, such as learning to speak or walk, late, with no medical reason;□
- Children who are regularly missing or repeatedly absent from school or education;□
- Children who are reluctant to go home after school;□
- Children with poor school attendance and punctuality, or who are consistently late being picked up;□
- Parents who are dismissive and non-responsive to practitioners' concerns;□
- Parents who collect their children from school when drunk, or under the influence of drugs;□
- Children who drink alcohol regularly from an early age;□
- Children who are concerned for younger siblings without explaining why;□
- Children who talk about running away; and□
- Children who shy away from being touched or flinch at sudden movements.□

Stoke Park School recognises that the above list of indicators is not exhaustive and staff will receive training on indicators of abuse.

Appendix D Preventing Extremism and Radicalisation Guidance

Radicalisation refers to the process of a person legitimising support for, or use of, terrorist violence

Extremism is the promotion or advancement of an ideology based on violence, hatred or intolerance, that aims to:

- ✦ Negate or destroy the fundamental rights and freedoms of others; or

- ✦ Undermine, overturn or replace the UK's system of liberal parliamentary democracy and democratic rights; or
- ✦ Intentionally create a permissive environment for others to achieve the results outlined in either of the above points **Terrorism** is an action that:
 - Endangers or causes serious violence to a person/people;
 - Causes serious damage to property; or
 - Seriously interferes or disrupts an electronic system

The use or threat of terrorism must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

Introduction

1. Since 2010, when the Government published the Prevent Strategy, there has been an awareness of the specific need to safeguard children, young people and families from violent extremism. There have been several occasions both locally and nationally in which extremist groups have attempted to radicalise vulnerable children and young people to hold extreme views including views justifying political, religious, sexist or racist violence, or to steer them into a rigid and narrow ideology that is intolerant of diversity and leaves them vulnerable to future radicalisation.
2. Stoke Park School values freedom of speech and the expression of beliefs / ideology as fundamental rights underpinning our society's values. Both students and teachers have the right to speak freely and voice their opinions. However, freedom comes with responsibility and free speech that is designed to manipulate the vulnerable or that leads to violence and harm of others goes against the moral principles in which freedom of speech is valued. Free speech is not an unqualified privilege; it is subject to laws and policies governing equality, human rights, community safety and community cohesion.
3. Stoke Park School is committed to providing a secure environment for students, where children and young people feel safe and are kept safe. All adults at the school recognise that safeguarding is everyone's responsibility irrespective of the role they undertake or whether their role has direct contact or responsibility for children or not.
4. This Preventing Extremism and Radicalisation Policy is one element within our overall school arrangements to safeguard and promote the welfare of all children in line with our statutory duties set out at S157/S175 of the Education Act 2002.
5. Our school's Preventing Extremism and Radicalisation Policy also draws upon the guidance produced by the Walsall Local Safeguarding Children Board; DfE Guidance "Keeping Children Safe in Education, 2024", HM government document "Prevent strategy: A guide for local partners in England" and the "Counter Terrorism and Security Act 2015".
6. The Counter-Terrorism and Security Act 2015 contains a duty on specified authorities, which includes all schools including academies, free schools, maintained schools and studio schools to have due regard to the need to prevent people from becoming involved with or supporting terrorism. The new legislation will be measured through various inspection frameworks, with schools and Children Services measured through OFSTED. The government will be producing guidance to help schools deliver the required standards (issued under section 29 of the Act).
7. The Local Authority has a Prevent Coordinator and offers support and challenge in relation to the Prevent agenda. To contact the Prevent Co-ordinator please email prevent@coventry.gov.uk.

8. The Department for Education has set up a helpline for teachers who have questions and/or concerns about extremism.
9. Teachers can call: 0207 340 7264 or email: counter.extremism@education.gsi.gov.uk

School Ethos and Practice

10. When operating this Policy, the school uses the following accepted Governmental definition of extremism which is:

'Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs; and/or calls for the death of members of our armed forces, whether in this country or overseas'.

11. There is no place for extremist views of any kind in our school, whether from internal sources (students, staff or governors) or external sources (school community, external agencies or individuals). Our students see our school as a safe place where they can explore controversial issues safely and where our teachers encourage and facilitate this – we have a duty to ensure this happens.
12. As a school we recognise that extremism and exposure to extremist materials and influences can lead to poor outcomes for children and so should be addressed as a safeguarding concern as set out in this Policy. We also recognise that if we fail to challenge extremist views we are failing to protect our students.
13. Extremists of all persuasions aim to develop destructive relationships between different communities by promoting division, fear and mistrust of others based on ignorance or prejudice and thereby limiting the life chances of young people. Education is a powerful weapon against this; equipping young people with the knowledge, skills and critical thinking, to challenge and debate in an informed way.
14. Therefore, the school will provide a broad and balanced curriculum, delivered by skilled professionals, so that our students are enriched, understand and become tolerant of difference and diversity and also to ensure that they thrive, feel valued and not marginalized.
15. Please see notes on associated terminology in the Appendix.

The Counter Terrorism and Security Act July 2015

16. The Counter Terrorism and Security Act 2015 was published on 12th March 2015. Section 26 of the Act places a duty on schools in England (and Wales) to prevent people becoming involved with or supporting terrorism ~~being drawn into terrorism~~. This duty applies to all schools, whether publicly-funded or independent, and organisations covered by the Early Years Foundation Stage framework. The duty also applies to children's homes. Statutory guidance has been published and comes into force on 1st July 2015.

17. Schools leaders (including governors) must:

- establish or use existing mechanisms for understanding the risk of extremism
- ensure staff understand the risk and build capabilities to deal with it
- communicate and promote the importance of the duty
- ensure staff implement the duty effectively.

18. Other duties on schools include:

- effective partnership working with other local agencies, e.g. CSCP, police, health, etc.

- information sharing
- maintaining appropriate records
- assessing local risk of extremism (including Far Right extremism)
- demonstrating they are protecting children
- developing clear protocols for visiting speakers
- safeguarding policies that take account of CSCP policies and procedures
- training staff to give them knowledge and confidence
- ensuring there is robust ICT protocols that filter out extremist materials
- school buildings must not be used to give a platform to extremists

19. Ofsted are responsible for monitoring how well schools are implementing this duty.

20. See Appendix 1 for optional schools audit.

Recognising the indicators of vulnerability to radicalisation

21. There is no such thing as a “typical extremist”: those who become involved in extremist actions come from a range of backgrounds and experiences, and most individuals, even those who hold radical views, do not become involved in violent extremist activity.

22. Students may become susceptible to radicalisation into terrorism through a range of social, personal and environmental factors - it is known that violent extremists exploit vulnerabilities in individuals to drive a wedge between them and their families and communities. It is vital that school staff are able to recognise those vulnerabilities.

23. Indicators of vulnerability include:

- **Identity Crisis** – the student / pupil is distanced from their cultural / religious heritage and experiences discomfort about their place in society;
- **Personal Crisis** – the student / pupil may be experiencing family tensions; a sense of isolation; and low self-esteem; they may have dissociated from their existing friendship group and become involved with a new and different group of friends; they may be searching for answers to questions about identity, faith and belonging;
- **Personal Circumstances** – migration; local community tensions; and events affecting the student / pupil’s country or region of origin may contribute to a sense of grievance that is triggered by personal experience of racism or discrimination or aspects of Government policy;
- **Unmet Aspirations** – the student / pupil may have perceptions of injustice; a feeling of failure; rejection of civic life;
- **Experiences of Criminality** – which may include involvement with criminal groups, imprisonment, and poor resettlement /reintegration;
- **Special Educational Need** – students / pupils may experience difficulties with social interaction, empathy with others, understanding the consequences of their actions and awareness of the motivations of others.

24. More critical risk factors could include:

- Being in contact with extremist recruiters;
- Accessing violent extremist websites, especially those with a social networking element;

- Possessing or accessing violent extremist literature;
- Using extremist narratives and a global ideology to explain personal disadvantage;
- Justifying the use of violence to solve societal issues;
- Joining or seeking to join extremist organisations; and
- Significant changes to appearance and / or behaviour;
- Experiencing a high level of social isolation resulting in issues of identity crisis and/or personal crisis.

25. Any prejudice, discrimination or extremist views, including derogatory language, displayed by students or staff will always be challenged and where appropriate dealt with in line with our Behaviour Policy for students and the Code of Conduct/Staff Behaviour policy for staff.

26. We will ensure that all of our staff are equipped to recognise extremism and are skilled and confident enough to challenge it. All staff will complete the home office e-learning package on prevent and radicalisation and extremism will be an integral part of annual staff safeguarding training.

27. Our school is required to identify a Prevent Single Point of Contact (SPOC) who will be the lead within the organisation for safeguarding in relation to protecting individuals from radicalisation and involvement in terrorism. The SPOC for Stoke Park School is Sonya Elliott.

28. When any member of staff has concerns that a student may be at risk of radicalisation or involvement in terrorism, they should speak with the SPOC or head/principal. We will help support students who may be vulnerable to such influences as part of our wider safeguarding responsibilities and where we believe a student is being directly affected by extremist materials or influences we will ensure that that student is offered assistance. Additionally in such instances our school will seek external support from the Local Authority and/or local partnership structures working to prevent extremism.

29. Our school will closely follow the locally agreed procedure as set out by the CSCP for safeguarding individuals vulnerable to extremism and radicalisation.

Teaching Approaches

30. We will all strive to eradicate the myths and assumptions that can lead to some young people becoming alienated and disempowered, especially where the narrow approaches children may experience elsewhere may make it harder for them to challenge or question these radical influences. In our school this will be achieved by good teaching, primarily via Citizenship and PSHE sessions; but also by adopting the methods outlined in the

Government's guidance 'Teaching approaches that help build resilience to extremism among young people' DfE 2011. These approaches include setting targets for young people to build a sense of ownership; creating a safe space for dialogue between staff and students; building resilience in students; improving student skills for collaborative work; improving students' ability to interact with each other and a peer mentoring scheme. We will ensure that all of our teaching approaches help our students build resilience to extremism and give students a positive sense of identity through the development of critical thinking skills. The school will promote the values of democracy, the rule of law, individual liberty, mutual respect and tolerance for those with different faiths and beliefs. We will teach and encourage

students to respect one another and to respect and tolerate difference, especially those of a different faith or no faith. It is indeed our most fundamental responsibility to keep our students safe and prepare them for life in modern multi-cultural Britain and globally.

31. We will also work with local partners, families and communities in our efforts to challenge extremist views and to assist in the broadening of our students' experiences and horizons.

Use of External Agencies and Speakers

32. The school encourages the use of external agencies or speakers to enrich the experiences of our students; however we will positively vet those external agencies, individuals or speakers who we engage to provide such learning opportunities or experiences for our students. This includes following the Visitor Management Policy, viewing material that will be used beforehand and conducting a social media check on such agencies or individuals.

33. Such vetting is to ensure that we do not unwittingly use agencies that contradict each other with their messages or that are inconsistent with, or are in complete opposition to, the school's values and ethos.

34. Our school will assess the suitability and effectiveness of input from external agencies or individuals to ensure that:

- Any messages communicated to students are consistent with the ethos of the school and do not marginalise any communities, groups or individuals ;
- Any messages do not seek to glorify criminal activity or violent extremism or seek to radicalise students through extreme or narrow views of faith, religion or culture or other ideologies ;
- Activities are properly embedded in the curriculum and clearly mapped to schemes of work to avoid contradictory messages or duplication;
- Activities are matched to the needs of students;
- Activities are carefully evaluated by the school to ensure that they are effective.

35. Therefore by delivering a broad and balanced curriculum, augmented by the use of external sources where appropriate, we will strive to ensure our students recognise risk and build resilience to manage any such risk themselves where appropriate to their age and ability but also to help students develop the critical thinking skills needed to engage in informed debate.

Whistleblowing

36. Where there are concerns of extremism or radicalisation students and staff will be encouraged to make use of our internal systems to whistle blow or raise any issue in confidence.

37. Please refer to the separate Whistleblowing Policy which is available on the school's website and from the School Office.

Recruitment

38. The arrangements for recruiting all staff, permanent and volunteers, to our school will follow government guidance on safer recruitment best practice in education settings, including, but not limited to, ensuring that DBS checks are always made at the appropriate level, that appropriate references are always received and checked and that we complete and maintain a Single Central Record of such vetting checks.

39. We will apply safer recruitment best practice principles and sound employment practice in general and in doing so will deny opportunities for inappropriate recruitment or advancement. We will be alert to the possibility that persons may seek to gain positions within our school so as to unduly influence our schools character and ethos. We are aware that such persons seek to limit the opportunities for our students thereby rendering them vulnerable to extremist views and radicalisation as a consequence.

40. Therefore, by adhering to safer recruitment best practice techniques and by ensuring that there is an ongoing culture of vigilance within our school and staff team we will minimise the opportunities for extremist views to prevail.

Role of Governing Body

41. The Governing Body of our school will undertake annual training led by the Designated Safeguarding Lead to ensure that they are clear about their role and the parameters of their responsibilities as Governors, including their statutory safeguarding duties.

42. The Governing Body of our school will support the ethos and values of our school and will support the school in tackling extremism and radicalisation.

43. In line with the provisions set out in the DfE guidance 'Keeping Children Safe in Education, 2024' the Governing Body will challenge the school's senior management team on the delivery of this policy and monitor its effectiveness.

44. Governors will review this policy regularly but may amend and adopt any amendments outside of this timeframe in accordance with any new legislation or guidance.

Standards for Teachers

45. The 2011 (updated 2013) Standards for Teachers (part two) states:

46. A teacher is expected to demonstrate consistently high standards of personal and professional conduct. The following statements, define the behaviour and attitudes that set the required standard for conduct throughout a teacher's career.

47. Teachers uphold public trust in the profession and maintain high standards of ethics and behaviour, within and outside school by:

- Treating students with dignity, building relationships rooted in mutual respect, and at all times observing proper boundaries appropriate to a teacher's professional position
- Having regard for the need to safeguard students' well-being, in accordance with statutory provisions showing tolerance of and respect for the rights of others
- Not undermining fundamental British values, including democracy, the rule of law, individual liberty and mutual respect, and tolerance of those with different faiths and beliefs
- Ensuring that personal beliefs are not expressed in ways that exploit students' vulnerability, or might lead them to break the law.

48. Teachers must have proper and professional regard for the ethos, policies and practices of the school in which they teach, and maintain high standards in their own attendance and punctuality. They must have an understanding of, and always act within, the statutory frameworks that set out their professional duties and responsibilities.

49. NB the phrase 'fundamental British values' refers to the definition of extremism as articulated in the Prevent Strategy, which was launched in June 2011 and updated recently. It includes the need for schools to explore with students and students 'democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs'.

Policy Adoption, Monitoring and Review

50. This Policy was considered and adopted by the Governing Body in line with their overall duty to safeguard and promote the welfare of children as set out in the DfE guidance 'Keeping Children Safe in Education' 2024 and duties as set out in the Counter Terrorism and Security Act 2015.

51. Parents/carers will be issued with a hard copy of this Policy on request. This Policy will also be made available to parents/carers via the school's website.

52. Governors will review this policy annually prior to the start of a new academic year but may adopt any amendments outside this timeframe in accordance with any new legislation or guidance.

Supporting children who are travelling/have travelled abroad to specific locations

53. If a student/parent/carer seeks permission to travel abroad and this falls within the academic school term then the family should be provided with the letter as set out in Appendix 3. The Dangers of travelling for terrorism (or Forced Marriage or Female Genital Mutilation) are becoming increasingly apparent and concerning. While this guidance refers to children and young people returning; there is an absolute desire to stop them travelling wherever possible. School staff must also be alert and refer cases of potential concern if they become aware that a student/pupil is intending to travel during school holidays.

54. If you have concerns either post travel or pre travel and/or identify any concerns in relation to extremism as identified above please refer to the flow diagram on Appendix 4 which relies on your professional judgment with full support and guidance from your SPOC. If any of the indicators of concern are noted upon return/extremism risk identified then consideration needs to be given to making a referral to the police or Channel, the Channel panel or police will suggest appropriate intervention. This will be from a safeguarding perspective around a number of issues that will encompass extremism vulnerabilities. If any responses/discussions give further indicators for concern around extremism then the Local

Security and Partnership Officer will be contacted.
