Dear Parent/Carer,

At Stoke Park Post 16, we believe working in collaboration with you is key to our students learning, improving and striving to reach their goals. We want to ensure that our students are continually reflecting on their progress and focusing on their individual areas for development, as well as being fully aware of all the incredible opportunities that Post 16 has to offer.

With this in mind, we would like to invite you to attend our Post 16 Information Evening.

The aim of the evening is to support you and your child in understanding our core values at Post 16, and all of the opportunities that are available for them, including work experience and university pathways. We will share key dates for the year to support students to plan wisely to achieve their target grades in their A level exams. This event provides an excellent opportunity for us to work closely with you to support our students in identifying the steps they need to take to improve.

At Stoke Park, a Post 16 Scholar is a student who explores and collaborates with others and is a true leader both within and out with the school community. They have the highest aspirations for themselves and have the grit and determination to succeed, ready to make their marks in the world. We look forward to working together to fully support our students.

If you have any questions regarding the event, please do not hesitate to contact me.

Yours sincerely,

L Jakubecz
