

STOKE PARK
— SCHOOL —

Dear Parent/Carer,

I am writing to you regarding your child's attendance to school in this first half-term of the academic year. Currently your child's attendance is becoming an early concern for this term and we would like to formally recognise this and offer any support or remove any barriers your child may face, that is negatively affecting their attendance to school every day.

Every day in school matters. Consistent attendance helps children build strong foundations in their learning, make excellent progress and develop a sense of belonging to Stoke Park School. This sense of belonging contributes significantly to their well-being and engagement with school life. With that, we do expect all pupils to be in school each and every day with a minimum expectation of 97%.

We fully appreciate the various challenges that families face, and we want to reassure you that we are here to help. Our goal is to ensure that each student is successful and reaches their full potential. To achieve this, we are eager to support you and your child in any way we can.

We are committed to working together with you to ensure that all students achieve the best outcomes possible. Your partnership is invaluable in helping us create a nurturing and conducive learning environment.

If you require any support or would like to arrange a meeting with your child's year team then please contact the school. We hope to see an improvement in your child's attendance and will be monitoring this to ensure that they are attending school every day in order to make a difference to their future. If there is no improvement then we will be in touch to look at what next steps we can take together in order to ensure we see them in school every day.

We look forward to continue working with you and your child during what continues to be a rewarding and successful term.

Yours sincerely,
L Moroney
