17 November 2026

Dear Parent/Carer,

Year 11 Mock Examination Results and Progress Report

With our first round of Year 11 mock examinations now complete, we are pleased to share your child's results, alongside their current progress and predicted outcomes for the end of Year 11.

At this important stage of their educational journey, we encourage all students to embrace their role as **'The Architect'** within our 7-Year Journey, taking ownership of their learning and shaping the best possible future for themselves. Consistent revision, revisiting key powerful knowledge and applying this knowledge through practice examination papers will be essential in ensuring students are fully prepared for their final GCSE examinations.

Your child's report provides important information about their academic performance and progress, including three key measures:

- **Mock Grade:** The grade your child achieved in their recent mock examination, providing an indication of their current performance.
- **Target Grade:** The grade your child should be aspiring to achieve by the next set of mock exams in February 2027.
- **Predicted Grade (PG):** The grade teachers currently anticipate your child will achieve at the end of Year 11, based on assessment outcomes, attitude to learning, attendance and overall academic progress.

It is important to emphasise that Predicted Grades are not fixed and can change throughout the academic year. As students continue to develop their knowledge, skills and understanding, teachers will regularly review their progress and adjust predictions where appropriate. With sustained effort, effective revision and a positive attitude to learning, students have every opportunity to improve their predicted outcomes and achieve, or even exceed, their target grades.

The report also includes your child's attendance, which should be **96% or above**. Excellent attendance is fundamental to academic success, as each full day of absence represents approximately five hours of missed learning. Every lesson matters, particularly as students approach their final GCSE examinations.

Our Year 11 teachers and pastoral team are working tirelessly to ensure that every one of our Architects receives the guidance, challenge and support needed to achieve the best possible outcomes. However, success also requires students to take responsibility for their learning, demonstrate resilience and make the most of every opportunity available to them.

You will have the opportunity to discuss your child's progress, examination performance and next steps with subject teachers at our **in-person Year 11 Subject Parents' Evening on Tuesday 24 November 2026**. Please ensure that appointments are booked through School Cloud.

If you have any questions about your child's report or progress, please do not hesitate to contact the Year 11 team.

Thank you for your continued support as we work together to ensure that every student achieves their full potential.

Kind regards,

Mr I Jamal
Assistant Headteacher
Director of Year 11
