1 September 2021

Dear Parent or Carer

We are contacting all parents of students who are due to move into Year 10 in September 2022 to advise you of other pathways for education starting in Year 10 that are available in Coventry or in neighbouring local authority areas. Your child's existing school may still be the best option for them, but we wanted to make sure that you were aware that there are University Technical Colleges (UTCs), Studio Schools and Academies which are listed below that admit students into Year 10 and their application processes open in September. Specific details of what they offer and how to apply will be available via individual school websites. Further details are on the city council website at www.coventry.gov.uk/info/148/school_admissions/3441/14-19_applications

WMG Academy for Young Engineers, Coventry
WMG Academy for Young Engineers, Solihull
Aston University Engineering Academy, Birmingham
Birmingham Ormiston Academy
South and City College, Longbridge, Birmingham
Waverley Studio College, Birmingham

All schools have a statutory duty to secure impartial careers guidance for all Year 8 to Year 13 students to inspire young people to fulfil their potential and to make them aware of all opportunities open to them. We strongly recommend that your child discusses their options with a careers adviser in their current school.

Yours sincerely

School Organisation Team
Coventry City Council
