

Dear Parent/Carer,

We are writing to inform you that will be having Year 11 Leavers End of Year Celebration the evening of **Friday 7th July 2023** at Stoke Park School.

After years of hard work from your child, this celebration event is aimed to reward them for all the PRIDE values they have exhibited across their school careers, but particularly during Year 11. As you will be aware, Year 11's at Stoke Park are The Architects: they have spent the year working hard to create a path for their future to fulfil their ambitions. This is a significant event in celebrating the secondary experience of any child as it symbolises the end of their GCSEs and the beginning of the next stage in their education. It is also an event that we hold to celebrate their participation, commitment and motivation. We are very proud of Year 11 and how hard they have been working, so look forward to the opportunity to celebrate with them following the conclusion of their exams in July.

Receiving an invitation is recognition of this success, and as such students must meet the high expectations of Stoke Park School in relation to **behaviour, attendance** (both lessons and intervention) **and attitude to learning**.

I have communicated the criteria above very clearly already to the students and their form tutors have reinforced it too.

Ultimately, as we now have 55 school days until the first exam, we know all pupils will embody all the qualities of The Architect by making exemplary choices, including **exceptionally high attendance, arriving at school on time, being active participants in lessons, completing their learning preparation and taking full advantage of all interventions offered by attending on time every week**.

This event will probably be the last time many students can get together socially, and we hope that it is an event to be remembered for all the right reasons. It is our hope all pupils will be able to attend, celebrating their well-deserved achievements as The Architects. More information about the specifics of the event will follow in due course.

If you have any questions, please do not hesitate to contact myself or the Year 11 Team.

**Yours sincerely,  
Mr Imran Jamal**
